## Summary

Passionate Full Stack & Mobile App Developer (Fresher) experienced in MERN, React Native, Kotlin, and Django. Skilled in building responsive UIs, scalable applications, and REST API integration. Quick learner with strong problem-solving abilities. Open to internships and entry-level opportunities.

## Technical Skills

- Languages: JavaScript (ES6+), Python, Kotlin
- Frontend: React.js, Redux, HTML5, CSS3, Bootstrap, Tamagui
- Backend: Node.js, Express.js, Django, Ktor, REST APIs
- Database: MongoDB, MySQL, PostgreSQL, Room (Android)
- Mobile: React Native, Kotlin, Jetpack Compose, Android Studio
- Tools & Methodolo-  
gies: Git, GitHub, Postman, VS Code, Agile

## Experience

May 2025 – **MERN Stack Developer Intern**, RISS Technologies, Calicut

- Sep 2025
- Developed and maintained full-stack web applications using the MERN stack (MongoDB, Express.js, React, Node.js).
  - Built responsive user interface components and optimized application performance.
  - Created and consumed robust RESTful APIs using Express.js and MongoDB.
  - Collaborated effectively using version control (Git) and Agile development methods.

## Projects

1. Jobseek Web App (MERN Stack) Job portal for job hunting and social networking. Features include profile creation, resume generation/upload, instant job application, real-time chat, and company modules for posting and applicant tracking. (*Live: <https://jobseek-frontend-e93g.onrender.com/>*)
2. Jobseek Mobile App (React Native) Mobile version of Jobseek to help users find jobs faster, apply instantly, and stay connected. Features include resume upload/generation, real-time chat, post sharing, and professional networking.
3. Refugee Rescue Web App (Django) Platform linking NGOs, donors, and users for fundraising and rescuing abandoned people. Modules for organization (adoption, fundraising), user (charity, tracking), and admin (tracking, complaints). (*Live: <https://refugee-rescue-1.onrender.com/>*)
4. Thozhilurapp Management System (WEB) (Python Flask) Web application for automating the Kerala Thozhilurapp job scheme workflow. Features include work estimation, work/wage approval, attendance tracking, insurance approvals, and mate assignment. (*Live: <https://thozhilurapp-web-app.onrender.com/>*)

5. Android app for automating Kerala Thozhilurapp. Includes features like worker assignment, view assigned duties, attendance tracking, complaint registration, viewing wage bill and insurance details.
- Thozhilurapp Management System (Android) (Android Java)

## Education

2022 – 2025 **BCA (Bachelor of Computer Applications)**, Mar Dionysius College, University of Calicut, Kerala, CGPA: 8.4/10 (84%)

## Certifications

- Meta Front-End Developer (Meta, 2025)
- Meta Android Developer (Meta, 2025)
- Meta React Certification (Meta, 2025)
- Meta React Native Certification (Meta, 2025)
- IBM Node.js and Express.js Certification (IBM, 2025)
- IBM Django with SQL Certification (IBM, 2025)

## Achievement

NASA Hackathon Participation Gained exposure to real-world problem-solving and global collaboration during the 2024 NASA Hackathon.
